

KANSAS TRAINING INFORMATION PROGRAM (K-TIP)

Academic Year 2022

Career Technical Education

December 2023

FOREWORD

This report was prepared in response to K.S.A. 74-32,418 which established the Kansas Training Information Program (K-TIP). Information included in this report includes number of career technical program majors enrolled and program concentrators, program graduates, students pursuing additional education/training, graduates exiting postsecondary and becoming employed, as well as the number of graduates employed and reported average and median wages for those graduates.

The first section of this report presents Associate Degree and Certificate information by program for each individual institution. The second section of this report presents the same performance information by academic discipline/occupational program area. The third section of this report presents Short-Term Program Performance information by academic discipline/occupational program area.

Information presented in this report was compiled from data submitted to the Kansas Board of Regents from the individual postsecondary institutions and supplemented with data provided by the Kansas Department of Labor and the Missouri Department of Labor where available. If available, these data impact the categories of:

- Total # of Graduates Exited and Employed
- Average Wage: Graduates Exited and Employed
- Median Wage: Graduates Exited and Employed

TABLE OF CONTENTS

Foreword and Introduction	1-8
<u>Program Performance by Institution</u>	
Allen Community College, Iola	9
Barton Community College, Great Bend.....	10
Butler Community College, El Dorado.....	11
Cloud County Community College, Concordia.....	12
Coffeyville Community College, Coffeyville.....	13
Colby Community College, Colby.....	14
Cowley Community College, Arkansas City.....	15
Dodge City Community College, Dodge City.....	16
Flint Hills Technical College, Emporia.....	17
Fort Scott Community College, Fort Scott.....	18
Garden City Community College, Garden City.....	19
Highland Community College, Highland.....	20
Hutchinson Community College, Hutchinson.....	21
Independence Community College, Independence.....	22
Johnson County Community College, Overland Park.....	23
Kansas City Kansas Community College, Kansas City	24
Labette Community College, Parsons	25
Manhattan Area Technical College, Manhattan	26
Neosho County Community College, Chanute	27
North Central Kansas Technical College, Beloit	28
Northwest Kansas Technical College, Goodland	29
Pratt Community College, Pratt	30
Salina Area Technical College, Salina.....	31
Seward County Community College, Liberal.....	32
Washburn Institute of Technology, Topeka	33
Wichita State University Campus of Applied Sciences and Technology, Wichita	34
<u>Program Performance by Career Cluster/Academic Discipline</u>	
Agriculture, Food and Natural Resources	35
Architecture and Construction	36-37
Arts, A/V Technology and Communications	38
Business Management and Administration	39
Education and Training	40
Finance	41
Health Science	42-44
Hospitality and Tourism	45
Human Services	46
Information Technology	47
Law, Public Safety, Corrections and Security	48
Manufacturing	49-50
Marketing	51
Science, Technology, Engineering & Mathematics.....	52
Transportation, Distribution and Logistics	53-54
<u>Program Performance by Short-Term Program</u>	
Short-Term Program Performance by Career Cluster/Academic Discipline	55-58

INTRODUCTION

The Kansas Training Information Program (K-TIP) report includes data for all approved postsecondary career technical education programs offered by technical colleges, community colleges, the Washburn University Institute of Technology, and the Wichita State University Campus of Applied Sciences and Technology. This information was compiled from data submitted to the Kansas Board of Regents by the individual institutions. Employment and wage information is reported for program graduates who have left public postsecondary education. Supplemental employment data is provided by the Kansas Department of Labor and the Missouri Department of Labor where available.

LIMITATION OF REPORT

The figures in this report should be considered indicators and not absolutes for placement and/or earnings for any given program. Average salaries and median wages are reported; actual individual earnings may be lower or higher than those published in this document. The number of responses in a given occupation and institution may be too low to draw any statistical inferences. Salary information may or may not have been available for all those reported as employed. Many other factors influence actual annual earnings; for example, average earnings will likely vary from one region to another within the state. In addition, some former students could be self-employed in established, successful businesses.

TERMS USED IN THIS REPORT

Specific terms/labels used in the report are defined as follows:

Academic Discipline - an organizing tool based on occupational/career areas that include multiple career pathways and occupational specialties. The career clusters initially developed by the States Career Cluster Initiative (SCCI) include the following: Agriculture, Food and Natural Resources; Architecture and Construction; Arts, A/V Technology and Communications; Business Management and Administration; Education and Training; Finance; Health Science; Hospitality and Tourism; Human Services; Information Technology; Law, Public Safety, Corrections, and Security; Manufacturing; Marketing; Science, Technology, Engineering & Mathematics; and Transportation, Distribution and Logistics. Additional information regarding career clusters can be found at <https://careertech.org/career-clusters>.

Program Name - refers to the specific career technical program at each institution. Program titles reflect the standard titles used by the National Center for Educational Statistics corresponding to CIP codes.

Award Levels -

Associate/Certificate - includes programs at the following award levels:

Associate of Applied Science Degree - from 60 to 68 credit hours in length

CERTC - Technical Certificate from 45 to 59 credit hours in length

CERTB - Technical Certificate from 30 to 44 credit hours in length

CERTA - Technical Certificate from 16 to 29 credit hours in length

Short-Term - includes only programs which are:

- documented in the Kansas Higher Education Data System (KHEDS) Program Inventory,
- less than 16 credit hours in length, and
- for which an industry-recognized credential has been identified.

CIP Code - refers to the Classification on Instructional Program code which is a taxonomic scheme developed by the National Center for Educational Statistics that supports the accurate tracking and reporting of fields of study and program completion activity. Associated with each CIP code is a corresponding title and description of the program of study. Additional information regarding CIP codes can be found at <http://nces.ed.gov/ipeds/cipcode/resources.aspx?v=55>.

Total # Declared Majors - represents the number of students who were reported as declared majors for career technical education within the corresponding program during the reporting year (July 1, 2021, to June 30, 2022).

Total # Concentrators - represents the number of students identified as technical program majors who have completed at least 12 credit hours of technical coursework in the same program area.

Total # Pursuing Additional Education - represents the number of students within the declared majors in each program area who:

- subsequently returned to the same postsecondary institution; or
- transferred to another public postsecondary educational institution in Kansas to pursue additional/advanced education or training the following school year.

This number also includes program graduates who returned to pursue additional education/training the following school year.

Total # Graduates –

- **For individual institution and academic discipline pages** - represents the number of students who completed a career technical education program and earned an associate degree or technical certificate.
- **For short-term academic discipline pages** - represents the number of students who completed a short-term career technical education program.

Total # Graduates Exited - represents the number of graduates with declared majors in each program area who left public postsecondary education in Kansas.

Total # Graduates Exited and Employed - represents the number of students with declared majors in each program area who:

- completed a career technical education program and earned an associate degree, technical certificate or completed an identified short-term technical program during the reporting year; and
- left public postsecondary education; and
- were determined to be employed (or placed in military service, apprenticeships, or employed in the workforce) by the end of the 2nd quarter after exiting postsecondary education.

Program graduates returning to public postsecondary education in Kansas are not included in this number.

Average Wage and Median Wage: Graduates Exited and Employed - represents the earnings of program graduates within the declared majors who:

- left public postsecondary education; and
- were determined to be employed by the end of the 2nd quarter after exiting postsecondary education; and
- for which salary information was available.

Wages are calculated on an annual basis as reported by students during the follow-up surveys conducted by the institution and/or reported through a review of the unemployment insurance files provided by the Kansas Department of Labor and Missouri Department of Labor as available.

SMALL-CELL PROTECTION

Small-cell protection is a comprehensive and systematic approach to data masking, required to ensure the Kansas Board of Regents is complying with existing laws on data privacy such as the Family Educational Rights and Privacy Act (FERPA) and the Higher Education Opportunity Act (HEOA).

Data masking techniques include masking aggregate and microdata with a value of less than five. In the tables appearing in this report, those cells which have been masked are marked with a caret.

Additionally, the protection of a given cell may result in the total for a particular row also being masked with the use of a data range.

Persons with additional questions regarding the data masking techniques used throughout K-TIP are encouraged to contact the KBOR Data, Research and Planning unit by email at IRHelp@ksbor.org.

Chart Legend - the following abbreviations, acronyms, and symbols are used in this report:

1. ^ = Small cell protection used to protect student privacy in accordance with FERPA and HEOA guidelines.
2. ASSOC/CERT = Associate and Technical Certificate Programs
3. Short-Term = Short-Term Program Performance

Previous years' full K-TIP reports can be accessed via the Kansas Board of Regents website through the K-TIP Portal: http://kansasregents.org/workforce_development/k-tip-report

The following table* represents the total number of students reported as enrolled in technical program coursework at each institution for Academic Year 2022.

Institution	Number of Students
Allen Community College	934
Barton Community College	1,956
Butler Community College	3,299
Cloud County Community College	610
Coffeyville Community College	702
Colby Community College	865
Cowley Community College	1,534
Dodge City Community College	750
Flint Hills Technical College	1,237
Fort Scott Community College	891
Garden City Community College	996
Highland Community College	1,617
Hutchinson Community College	4,538
Independence Community College	349
Johnson County Community College	8,536
Kansas City Kansas Community College	3,889
Labette Community College	626
Manhattan Area Technical College	800
Neosho County Community College	1,217
North Central Kansas Technical College	671
Northwest Kansas Technical College	432
Pratt Community College	493
Salina Area Technical College	716
Seward County Community College	1,157
Washburn Institute of Technology	1,655
Wichita State University Campus of Applied Sciences and Technology	5,197
Total	45,667

Source: KHEDS Academic Year Collection

**Students can be enrolled in more than one technical program.*

Academic Year 2022 Totals by Academic Discipline Job Placement and Earnings

The data presented on the following chart summarize the number of enrolled program majors and concentrators, number of students returning to pursue additional education/training, number of graduates, number of graduates who left postsecondary education and are employed, and the number and salaries (average and median) of employed program graduates within each Academic Discipline/Program Area.

Academic Discipline	Award	Total # Declared Majors	Total # Concentrators	Total # Pursuing Additional Education	Total # Graduates	Total # Graduates Exited	Total # Graduates Exited and Employed	Average Wage: Graduates Exited and Employed	Median Wage: Graduates Exited and Employed
