Enrollment Report

Elaine Frisbie, Vice President for Finance & Administration

March 20, 2024

Kansas Board of Regents
Building a Future for Kansas Families, Businesses and the Economy

Data Collections

The presentation today is made possible by the staff at the institutions who submit their data to the Data, Research and Planning team within the Board of Regents.

Using this information, we develop products such as DegreeStats, the Military Portal, the databooks, and the KHEStats online reporting tool, which is referenced throughout this presentation.

Many thanks to all the staff involved with the data collections.

Training Specialties

Manufacturing | Health Care | Management | Public Safety

Computer Training | Workplace Safety | Renewable Energy

The following is an example of some of the training that we have provided or can provide. If your organization needs training on a topic not on this list, we can work with you to develop customized training to fit your needs. Hutchinson Community College's Business and Industry Institute is your source for customized training.

Arc Flash
AutoCAD
AutoDesk Civil 3D
AutoDesk Inventor
AutoDesk Revit
Automated Electronic Defibrillator (AED)
Blueprint Reading
Carpentry
Cisco Networking
Communication Skills
Confined Space Entry / Rescue
Conflict Resolution
Core Construction Skills
CPR / First Aid
Crane Safety
Customer Service
EEOC Training
Electrical
Employability Skills
Fall Protection
First Responder
Forklift Certification
Fundamentals of HR
Geometric Dimensioning and Tolerances
Getting More Done Through Delegation
Green Construction
High Angle (Ropes) Work / Rescue
HVAC
Keyboarding
Leadership Skills
Lean Healthcare
Lean Manufacturing
Management Skills
Manager's Guide to Human Behavior
Manufacturing Skills Certificate
Microsoft Access=

Public Opinion on Higher Education

- In 2022, the Gates Foundation commissioned a study on what is driving declines in enrollment in 2-year and 4-year colleges. The research was focused on high school graduates, ages 18-30, who had either chosen not to attend college or had dropped out of a college program.
- The 2023 study expanded the scope to include high school juniors and seniors.

The Biggest Barriers are Concerns About Cost/Debt and Value, but also the Pressure and Uncertainty About "Getting it Right"

Reasons Not to Go/Complete College (only asked among those who may not go)	High School	Non-Enrolled
Too expensive/do not want to take on (more) debt	46%	44%▲
Do not enjoy going to school	39%	31%▲
Not worth the money it costs to attend	34%	31%▲
Too stressful/too much pressure	32%	35%▲
Unsure about major/future career	30%	29%
Can get skills/credentials through other educational programs	27%	14%
More important to get a job and make money	27%	26%
It's more important to get real-world experience	22%	17%
Not prepared academically/classes too hard	21%	17%▲
Do not feel like I fit in/like I would fit in	19%	19%▲
Not prepared for the college experience/living on my own	18%	16%▲
Life moves quickly, and college takes too much time	17%	21%
Unsure how to pick the right classes	13%	16%
There is not enough flexibility given all of my other responsibilities	10%	16%
Did/do not feel like I would be supported in college	9%	17%▲
Don't/didn't know where to get advice on the best college options	9%	13%
Family obligations	8%	18%
Not accepted to the school I want(ed) to attend	6%	5%
College cannot keep up with the changes in my chosen field/career	4%	5%
Did not like classes/chosen major	3%	8%

4-in-10 High schoolers do not enjoy school

Several reasons **not** to attend college **increased for Non-Enrolled** compared to 2022

Green text throughout indicates higher statistically significant differences across subgroups.
Arrows indicate higher statistically significant differences from 2022 survey.

The Issue in a Nutshell…

The Audience	High School	Non-Enrolled
The Environment	• Center of the college application "orbit" • The norm/expectation is to apply • Most info sources are **directly focused on this audience** and communication primarily paints college in positive light • Outcomes-focused: job/earnings/security	• The further removed from high school, the further from college-focused info sources • Information they receive is less positive • Perceived value of licenses and certificates has gone up, while **benefits of going to college have declined since last year**
The Challenge(s)	• **Uncertain about making the *right* decision**, given debt concerns and no job guarantee • Not enough done to find post-HS path that best fits each student • Struggle to understand cost and how financial aid works • Worried about covering expenses at college	• Even fewer feel high school prepared them • Greater opportunity cost when making the college decision; need more help understanding how education → good jobs • Financial aid is a black hole • **Unsure how to re-engage**, balance school with responsibilities, cover expenses
The Solution(s)	• Debt relief, expert help with financing • Expert assistance designing a high school and college experience that put them on the path to a career • **Alleviate uncertainty, ensure ROI**	• Same solutions resonate • Need someone to help connect dots between high school interests, college options, and ultimate career • **Recreate their on-ramp**

Attainment Rates

Labor market demand in Kansas

- Between 2020 and 2030 Kansas will add 54,000 jobs that require a postsecondary degree.
- 93% of those new jobs will require at least a bachelor's degree.
- Another 180,000 jobs that require a postsecondary degree will become vacant due to retirement and from those who exit to pursue additional education.
- A total of 234,000 jobs will need to be filled with new graduates over the next ten years.
