President Bardo introduced WSU's new Faculty Senate President, Mehmet Barut. President Hammond introduced Dr. Mirta Martin, who will be FHSU's new President starting July 1, 2014.

## **GENERAL REPORTS**

### **REPORT FROM COUNCIL OF PRESIDENTS**

President Shonrock presented the Council of Presidents' report. The Council received reports from the Council of Business Officers (COBO), the Council of Chief Academic Officers (COCAO), the Council of Government Relations Officers, and the Council of Student Affairs Officers. COBO updated the CEOs on the recent changes in Moody's ratings, the Health Care Commission's decision regarding state employee health plan issues, and the timeline for the Board's unified budget request for FY 2016 and FY 2017. COCAO reported on several new program requests, and the Student Affairs Officers updated the CEOs on their qualified admission discussion. The Council of Presidents discussed the proposed debt policies and approved proposed amendments to the New Academic Units and Academic Program policy, which will help streamline the process for approval of new programs. Both policy recommendations will be forwarded to the Board for consideration. Additionally, the Council approved Wichita State University's Honors Baccalaureate, which will be forwarded to the Board for consideration.

### **REPORT FROM COUNCIL OF FACULTY SENATE PRESIDENTS**

Sheryl Lidzy presented the Council of Faculty Senate Presidents' report. Dr. Lidzy stated the Council of Faculty Senate Presidents discussed the Board's social media policy. She reported the faculty are pleased with the workgroup's recommendations and urged the Board to adopt the workgroup's policy in its entirety, which faculty believes would align Kansas with best practices within higher education. The faculty are appreciative of the creation of the workgroup and the Governance Committee's adoption of considerable portions of the workgroup's proposal. However, the faculty fear the most important point is being ignored, which is: a university system cannot properly function when external groups are allowed to influence university personnel decisions whenever they find certain speech to be objectionable. Faculty are opposed to the chilling effect created by the punitive aspects of the proposed Board policy. Dr. Lidzy stated the faculty request the Board reconsider the disciplinary aspects of the policy. She noted the faculty accept the premise that the Board has acted in good faith and has endeavored to act in the best interests of the state universities. However, the faculty disagree with the Board's analysis of the universities' best interests.

Regent Logan stated the Board has respect for the faculty and what they do for higher education. He also stated the Board see faculty as partners even if there are disagreements. He thanked Dr. Lidzy.

### **REPORT FROM STUDENTS' ADVISORY COMMITTEE**

Chris Roberts presented the report for Students' Advisory Committee (SAC). Mr. Roberts thanked the Board for its work this year and reported Kansas State University's Student Body President, Reagan Kays, will chair the SAC next year. He reported Committee members discussed the Board's social media policy and support the Governance Committee's proposed amendments. The students believe if the universities do not have existing university grievance processes, the CEOs should work with faculty and staff to develop those processes. Regent Logan stated each university already has existing grievance procedures.

### ACKNOWLEDGEMENT

Chairman Logan thanked Mr. Roberts for his leadership of the SAC and presented a certificate of appreciation to him. He also thanked Dr. Lidzy for her leadership on the Council of Faculty Senate Presidents and presented her with a certificate of appreciation.

### STANDING COMMITTEE AND OTHER REPORTS

Additionally, the Committee reviewed the FY 2016 and FY 2017 Capital Improvement Requests from each university. These will be forwarded to the Board for consideration in June.

#### GOVERNANCE

The Committee received a progress report on the student success plans, reviewed proposed amendments to regulations, and discussed the format of next year's multi-rater feedback survey, which will be used as part of the CEOs' evaluation process. The Committee also discussed CEO compensation for FY 2015 and made the following recommendations: 1) a 1.5% bonus for President Tompkins and 2) a 1.5% increase in base salary to be paid with public funds for each state university CEO, except for the new CEO at Fort Hays State University. Regent Logan stated these recommendations will be forwarded to the Board for consideration in June. The Governance Committee will also conduct a study on compensation as per the new Board policy.

Governance

AMEND BOARD POLICY REGARDING SOCIAL MEDIA

General Counsel Julene Miller presented proposed amendments to the Board's policy regarding social media. General Counsel Miller stated after the Board adopted its social media policy in December 2013, a workgroup of university faculty and staff was formed to review its provisions and recommend changes to address concerns regarding the policy's tone, clarity, and scope. The workgroup presented a report with its recommendations to the Board Governance Committee. The Governance Committee incorporated almost all of the workgroup's recommended language into the revised policy and as well as a number of suggestions that were made in comments received from the campus communities. The revisions include the following:

- Relocating the policy to a miscellaneous section entitled "Other" in the Governance chapter of the policy manual
- Changing the title to "Use of Social Media by Faculty and Staff"
- Adding a new section that incorporates the workgroup's proposed language on academic freedom and the First Amendment, including an excerpt from the 1940 Statement of Principles of the American Association of University Professors
- Adding a new paragraph to provide additional context for the policy that includes the workgroup's proposed language regarding the Board's commitment to academic freedom and its support for the responsible use of communication technologies, including social media, to serve the teaching, research and service missions of the universities
- Further clarifying the definition of social media, specifically that the policy does not apply to email and non-social media uses of technology
- Incorporating the workgroup's language providing assurances for academic research and other scholarly activity, academic instruction, and shared governance
- Replacing the definition of "improper use of social media" with language clarifying that romanettes i-iv are intended as guidance to university administrators and others by citing types of instances in which the U.S. Supreme Court has ruled public employers have authority to act on employees' speech
- Clarifying that academic freedom principles must be considered when determining whether a particular use of social media is improper
- Incorporating language clarifying that existing grievance and review processes apply to any action under this policy, and that the university president or chancellor may delegate review of potentially improper uses to other persons

- Restating the policy is to be construed and applied in a manner consistent with the First Amendment and academic freedom principles

General Counsel Miller stated the proposed revised policy was reviewed by the Attorney General's Office, which has advised it is on solid constitutional footing. Regent Logan stated the work done on this policy has focused on lifting up academic freedom as a core principle for the Kansas Board of Regents. This will be the strongest statement on academic freedom in the Board's Policy Manual. Regent Wilk moved to adopt the revised policy. Regent Moran seconded, and the motion carried. The following policy amendments were adopted:

KBOR Policy II.F.6 (Governance; Other)

6. USE OF SOCIAL MEDIA BY FACULTY AND STAFF

a. Commitment to Academic Freedom and First Amendment

The Kansas Board of Regents strongly supports principles of academic freedom. It highly values the work of state university faculty members. Academic freedom protects their work and enhances the valuable service they provide to the people of Kansas.

The Board also supports this statement from the 1940 Statement of Principles of the American Association of University Professors:

*“College and university teachers are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution.”*

Further, the Kansas Board of Regents recognizes the First Amendment rights as well as the responsibilities of all employees, including faculty and staff, to speak on matters of public concern as private citizens, if they choose to do so, including through social media. In general, for both faculty and staff, any communication via social media that is protected by the First Amendment and that is otherwise permissible under the law is not precluded by this policy.

This policy shall be construed and applied in a manner that is consistent with the First Amendment and academic freedom principles.

b. Social Media Policy

In keeping with the Kansas Board of Regents' commitment to the First Amendment and principles of academic freedom, the Board supports the responsible use of existing and emerging communications technologies, including social media, to serve the teaching, research, and public service missions of the state universities. These communications technologies are powerful tools for advancing state university missions, but at the same time pose risks of substantial harm to personal reputations and to the efficient operation of the higher education system. The Board therefore believes it is prudent to adopt this policy on the proper – and improper – use of social media.

- 1 For purposes of this policy: “Social media” means any ~~facility for~~ online tool or service through which virtual communities are created allowing users to publish ~~publication and~~ commentary and other content, including but not limited to blogs, wikis, and social networking sites such as Facebook, LinkedIn, Twitter, Flickr, and YouTube; “social media” does not include e-mail sent to a known and finite number of individuals, or non-social sharing or networking platforms such as Listserv and group or team collaboration worksites.
- 2 Authorship of content on social media in accordance with commonly accepted professional standards and in compliance with all applicable laws and university and Board policies shall not be considered an improper use of social media in the following contexts:
  - i academic research or other scholarly activity;
  - ii academic instruction within the instructor’s area of expertise; and
  - iii statements, debate, or expressions made as part of shared governance and in accordance with university policies and processes, whether made by a group or individual employee.
- 3 “Improper use of social media” means making a communication through social media that The United States Supreme Court has held that public employers generally have authority to discipline their employees for speech in a number of circumstances, including but not limited to speech that:
  - i directly incites violence or other immediate breach of the peace is directed to inciting or producing imminent violence or other breach of the peace and is likely to incite or produce such action;
  - ii when made pursuant to (i.e. in furtherance of) the employee’s official duties, is contrary to the best interests of the ~~university~~ employer;
  - iii discloses without lawful authority any confidential student information, protected health care information, personnel records, personal financial information, or confidential research data; or

- iv subject to the balancing analysis required by the following paragraph, impairs discipline by superiors or harmony among co-workers, has a detrimental impact on close working relationships for which personal loyalty and confidence are necessary, impedes the performance of the speaker's official duties, interferes with the regular operation of the ~~university~~ employer, or otherwise adversely affects the ~~university's~~ employer's ability to efficiently provide services.

In determining whether ~~the~~ an employee's communication ~~constitutes an improper use of social media~~ is actionable under subparagraph iv, ~~the chief executive officer shall balance~~ the interest of the ~~university~~ employer in promoting the efficiency of the public services it performs through its employees must be balanced against the employee's right as a citizen to speak on matters of public concern.

- 4 When determining whether a particular use of social media constitutes an improper use, the following shall be considered: academic freedom principles referenced in subsection b.2., and may consider the employee's position within the university, ~~and~~ whether the employee used or publicized the university name, brands, website, official title or school/department/college or otherwise created the appearance of the communication being endorsed, approved or connected to the university in a manner that discredits the university. ~~The chief executive officer may also consider~~ whether the communication was made during the employee's working hours ~~or~~ and whether the communication was transmitted utilizing university systems or equipment ~~shall be considered~~.
- 4 5 The chief executive officer of a state university, or the chief executive officer's delegate, has the authority to make use of progressive discipline measures pursuant to Board or university policy, up to and including suspension, dismissal and termination, with respect to any faculty or non-student staff member who ~~makes~~ is found to have made an improper use of social media. Existing university grievance and review processes shall apply to any such action.

c. Application of policy

This policy on the use of social media shall be construed and applied in a manner that is consistent with the First Amendment and academic freedom principles and shall apply prospectively from its the date of its original adoption by the Kansas Board of Regents on December 18, 2013.

CONSIDERATION OF DISCUSSION AGENDAPresentationPANEL PRESENTATION ON POST-TENURE REVIEW POLICIES AT THE STATE UNIVERSITIES

Gary Alexander, Vice President of Academic Affairs, stated that in December of 2012 the Board adopted a policy requiring each university to develop a process for post-tenure review. Each state university has developed and approved a campus policy on post-tenure review with the exception of Pittsburg State University and Fort Hays State University. Both institutions are working with their respective bargaining units on their policies.

Institutional representatives presented their campuses' policies. It was noted each of the campuses included faculty when drafting their policies and each incorporated their post-tenure review cycle within their existing evaluation process. It was also noted the principal purpose of post-tenure review is to assist faculty members with identifying opportunities that will enable them to reach their full potential for contribution to the university.

DISTRIBUTION OF FY 2014 TECHNICAL EDUCATION APPROPRIATION  
AUTHORIZED BY K.S.A. 72-4417(c)(2) (SB 155)

Diane Duffy, Vice President of Finance and Administration, presented an overview of the methodology used to distribute appropriated state funding for Tiered Technical Education State Aid, Non-tiered Course Credit Hour Grant, and Tuition for Technical Education (secondary students). Vice President Duffy stated the Kansas Board of Regents' cost model is used to determine state funding for all three state line-items. The Board discussed the funding gap for the tiered and non-tiered courses. It was noted there is still confusion among legislators on the specifics of the tiered and non-tiered funding methodology.

Vice President Duffy presented the distribution of the FY 2014 Technical Education appropriation, which is authorized by K.S.A. 72-4417(c)(2) (SB 155). This distribution is funding for serving high school students. The Governor and Legislature fully funded the FY 2014 budget estimate for this program, and this is the second of two distributions for the fiscal year. She noted the distribution to the community and technical colleges is based on the colleges' actual student enrollments and the calculated costs according to the cost model. Regent McKechnie moved to approve the distribution. Regent Bangerter seconded, and the motion carried. The following distribution was approved:

#### FORT HAYS STATE UNIVERSITY/DODGE CITY COMMUNITY COLLEGE PROPOSAL

President Hammond, Fort Hays State University; President Woodburn, Dodge City Community College; Dr. Morris Reeves, Vice Chairman of Dodge City Community College's Board of Trustees; and Secretary Pat George, Kansas Department of Commerce, all spoke in support of the Fort Hays State University/Dodge City Community College "partnership" concept. The proposed structure is to establish a Kansas Board of Regents institution campus in Dodge City that consists of a lower division college containing the existing programs of Dodge City Community College, an upper division college that offers baccalaureate degrees, and a technical institute. The mission of the proposal is to provide accessible quality education to support the traditional and anticipated needs of Ford County, Southwest Kansas, and business and industry. President Hammond and President Woodburn stated the operating agreement is being developed. It was also noted the proposal requires a minimum investment of an additional \$5 million in ongoing State General Funds to support the educational function of the new operation. President Hammond and President Woodburn both stated they will not support a reallocation of funds or cuts to other higher educational institutions to support this proposal. The Board directed staff to review any legislative changes that will need to be sought to move this proposal forward. Regent Logan stated the Board received several letters in support of the proposal and also some letters of concern.
