REPORTS AND UPDATES

AY 2023 HIGH SCHOOL POSTSECONDARY ENROLLMENTS

Karla Wiscombe presented the report on Kansas high school enrollment in public postsecondary institutions. The presentation covered information on all students who took CTE, dual, and/or concurrent courses in the academic years 2018 thru 2023. The information provided in this report is available in the KHEStats section of the KBOR website and is also available on the Dual Credit website under Academic Affairs.

AY 2023 CONCURRENT/DUAL/CTE ENROLLMENT REPORT BY INSTITUTION

Mistie Knox presented the report on Kansas high school enrollment in concurrent, dual, and CTE courses by institution. This presentation covered information on the enrollments for academic years 2018 thru 2023. The information provided in this report is available in the KHEStats section and the high school enrollments for dual credit cooperative agreements section of the KBOR website.

CREDIT FOR PRIOR LEARNING AWARDED BY KBOR INSTITUTIONS AY 2023

Mistie Knox presented the report on credit for prior learning awarded in academic year 2023. This report was provided to Chief Academic Officers in May 2024 and is available on the KBOR website under the credit for prior learning section.

UPDATE ON SYSTEMWIDE INITIATIVES

Dr. Jenn Bonds-Raacke provided an update for the Systemwide General Education Council. The first meeting for the academic year was held on Tuesday, August 27th. The council plans to finalize the operating procedures document and verify the annual submissions of master course lists from institutions for the 2025 academic year. Dr. Bonds-Raacke shared that information on the exceptions granted and the approved deviations are available on the KBOR website under the Systemwide General Education section.

Dr. Bonds-Raacke also provided an update for Math Pathways. Faculty of each discipline met over the last 18 months to identify the most suitable gateway math course for students in their programs. Final selections of these courses have been made for all programs and are available on the KBOR website. Dr. Bonds-Raacke also shared an update on Multiple Measures Placement. Faculty and staff spent seven months compiling recommendations to assess college readiness in math using alternative measures aside from standardized testing alone. In late June KBOR staff and one representative from a four-year institution and a two-year institution attended the state Higher Education Executive Officers Association conference. Here a goal was set to develop a statewide professional development training series for Math Pathways during fall of 2024. Information on the resulting training series is available on the KBOR website under the Math Pathways section.

Samantha Christy-Dangermond provided an update on the English Course Placement Measures Committee. Membership for this committee consists of a member from each state university, four members from community colleges, one member from a technical college, and a member from Washburn University. The first meeting was held on July 29th where background information was provided to the members of the committee. A second meeting was held on August 23rd where course placement measures were discussed more in-depth. The charge for the committee is to establish systemwide placement measures for students to place into English Composition I without corequisite support. Students who do not meet placement measures will be placed in English Composition I, but with corequisite support. The next committee meeting is September 12th.

UPDATE ON PERFORMANCE REPORTS

Ms. Christy-Dangermond provided an update on the performance reports. She provided a summary of the performance agreement model and the items that institutions were asked to provide for the performance reports. These reports were due July 1st. Rather than having the institutions provide a verbal report of the program reviews, it was proposed that an executive level summary be provided, instead, at an upcoming November meeting. The committee agreed to move forward with this proposed change.

OTHER BUSINESS

TAKE ACTION ON SYSTEMWIDE MATHEMATICS PLACEMENT MEASURES

Dr. Bonds-Raacke provided background information on the Systemwide Mathematics Placement Measures. She requested approval of the recommendations provided by the Systemwide Math Course Placement Measures Committee. These recommendations included implementing the use of multiple measures; such as ACT/SAT subject scores, GPA, and completion of certain high school courses; for course placement. The recommendation also included suggestions for successful implementation of these placement measures. Regent Johnston moved to approve the Systemwide Mathematics Placement Measures. Following the second of Regent Parasker, the motion carried.

ANNOUNCEMENTS

Regent Mendoza shared a reminder that the next BAASC meeting will be held September 18th at the KBOR office in Topeka and that the meeting times have been adjusted for the 2025 academic year. She also provided a reminder that the Kansas Core Outcomes Groups (KCOG) conference will be held virtually on October 11th. More information is available on the KBOR website.

ADJOURNMENT

Regent Parasker moved that the meeting of Board Academic Affairs Standing Committee be adjourned. Following the second of Regent Johnston, the motion carried. The meeting adjourned at 10:54 a.m.
