**KSPN Nursing Care of Adults I Clinical Course Syllabus**

Course Information:

Course Number and Title: KSPN 006 - KSPN Nursing Care of Adults I Clinical

Total Credit/Contact Hours: 1.00 - 3.00

Clinical Credit/Contact Hours: 1.00 - 3.00

Course Description:

This course focuses on the care of adult clients with common medical/surgical health alterations. The clinical laboratory experience provides the student an opportunity to apply the theoretical concepts from Nursing Care of Adults I and implement safe client care in selected settings.

Course Objectives:

1. Perform a focused assessment on adult clients differentiating between expected and unexpected findings.
2. Assist in developing an evidence-based plan of care that includes cultural, spiritual, and developmentally appropriate interventions related to health promotion and commonly occurring health alterations of adult clients who have predictable outcomes.
3. Participate as a member of the health care team and client advocate while providing quality care that promotes client safety for adults.
4. Apply a basic level of knowledge of pathophysiology, pharmacology, and nutrition, as well as evidence based practice, to the care of adult clients with commonly occurring health alterations who have predictable outcomes.
5. Use verbal and nonverbal communication that promotes therapeutic relationships with adult clients and their families, as well as professional relationships with members of the health care team.
6. Use information technology to access evidence based literature as well as communicate with members of the health care team, accurately documenting client care in a secure and timely manner.
7. Participate in identifying the educational needs of adult clients and their families, as well as reinforcing education provided by members of the health care team.
8. Participate in quality improvement practices while reflecting on individual action to improve client outcomes.
9. Provide an environment that is safe and reduces risk of harm for clients, self, and others.
10. Use organizational, time management, and priority-setting skills when providing care to adult clients.
11. Adhere to ethical, legal and professional standards while maintaining accountability and responsibility for the care provided to adult clients and their families.

IV Therapy

Unit Objectives:

1. Demonstrate proper techniques for medication administration, maintenance, and monitoring of peripheral intravenous fluid therapy.
2. Demonstrate documentation related to intravenous fluid therapy

Clinical Objectives:

- A. Provide nursing care that is relationship-centered, caring, culturally sensitive and based on the physiological, psychosocial and spiritual needs of clients with commonly occurring health problems that have predictable outcomes.
  - A.1. Perform a focused assessment on adult clients differentiating between expected and
