Requirements for Recipients of this scholarship:

- be a Kansas resident;
- remain in good academic standing at the Kansas educational institution where they are enrolled;
- make satisfactory progress toward completion of the requirements of the educational program in which they are enrolled (scholarship cannot be awarded beyond the first bachelor's degree); and
- enroll in a minimum of 6 hours each semester, can be part-time or full-time.

Please Note: Individuals who are also using Ch. 33 Post-9/11 GI Bill benefits or Ch. 31 Veterans Readiness & Employment benefits should carefully consider how the Kansas Military Service Scholarship may affect those benefits. Generally, when a Ch. 33 or Ch. 31 user receives other aid that is designated solely for tuition and fees (known as restricted aid), the VA's last payer clause states that VA will only pay any remaining tuition/required fees after restricted aid is applied. Because the Kansas Military Service Scholarship is restricted aid pays towards an individual's undergraduate tuition and required fees for up to 8 semesters of undergraduate coursework, there is no tuition for the VA to pay when a student receives the Kansas Military Service Scholarship. Students can still receive their Ch. 33/Ch.31 monthly housing allowance and book stipend; however, we encourage students to talk with their school's military-affiliated centers/staff about how to maximize all of their entitlements.

Eligible students may be awarded a scholarship for not more than four academic years of undergraduate study (five years if enrolled in a designated five-year program). Funding for this scholarship is subject to state appropriations.

➤ **Renewals** are students who received this scholarship the prior year; the student must complete/submit the FAFSA and the State of Kansas Student Aid Application for each year of funding.
