DESCRIPTION OF PROGRAM
In 1975 the State of Kansas enacted Legislation, and amended it in 2001, providing the Kansas Board of Regents with the authority to grant scholarships to individuals pursuing a medical career in osteopathy. The Osteopathic Medical Service Scholarship provides an annual award not to exceed $25,000 for 2019-2020 and is limited to 4 years of funding or until the degree is conferred, whichever occurs first.

PURPOSE OF PROGRAM
The program is designed to encourage doctors to practice primary care medicine in areas of Kansas where there is an insufficiency of medical care providers.

PROGRAM RESTRICTIONS
1. Osteopathic Medical Service Scholarships are awarded only to students who are residents of Kansas. Students may attend any accredited osteopathic school in the United States.

2. Applicants must agree to practice primary care medicine, which is defined as general internal medicine, pediatrics, family medicine, family practice, obstetrics and gynecology, geriatric medicine or emergency medicine. The practice must be fulfilled in a medically underserved area which is any county in Kansas except Douglas, Johnson, Sedgwick, Shawnee, or Wyandotte. Practice must begin within six months after licensure or within six months after completion of an approved postgraduate residency training program and licensure, whichever is later.

SELECTION PROCEDURE
The criterion to be used by the Kansas Board of Regents in selecting recipients includes Kansas resident status, financial need as measured by the federal formula defined in U.S. Public Law 102-325 and the likelihood of primary care medical practice in an underserved area of Kansas. In making this selection, emphasis will be placed upon the applicant's statement outlining his/her past and present commitment to medical care or employment in Kansas including volunteer or paid health care efforts.

PROMISSORY NOTE
Each award recipient must sign an agreement and promissory note, which includes the promise to repay the Kansas Board of Regents the cumulative award amount plus accrued interest from the date such money was received at a rate which is equivalent to the interest rate applicable to loans made under the federal PLUS program at the time such person first entered into an agreement plus five percentage points and any collection costs in the event service is not rendered.

OBLIGATION
Each recipient can discharge fully his/her obligation to the Kansas Board of Regents by practicing primary care medicine full time or half time in Kansas excluding Douglas, Johnson, Sedgwick, Shawnee and Wyandotte counties or through at least half-time employment at a state medical care facility or institution. Each year of scholarship support obligates the recipient to one year of service.

APPLICATION PROCEDURE

1. The 2019-2020 Kansas Osteopathic Medical Service Scholarship application.

2. Your statement of purpose, which is to be a one-page typed statement outlining your understanding of the purpose of the Osteopathic Medical Service Scholarship and your commitment to practice primary care medicine in an area of the state, designated as medically underserved.

3. A signed copy of your Student Aid Report (SAR). You will receive a SAR by completing the Free Application for Federal Student Aid (FAFSA) on line at www.fafsa.gov. You are advised to submit your completed FAFSA by April 1, 2019.
