# **OCTOBER 17, 2024**

### Kansas Postsecondary Technical Education Authority Budget and Finance Committee Curtis State Office Building

1000 SW Jackson, Suite 520 Topeka, KS 66612

2024-2025

# Budget and Finance Committee:

Curtis Sneden, Chair Keith Humphrey David Reist, Vice Chair Amber Shultz Todd Zimmer Ray Frederick, Jr.

### **Building a Future**

Higher Education's Commitment to Kansas Families, Businesses, and the Economy

- 1. Helping Kansas families
- 2. Supporting Kansas businesses
- 3. Advancing economic prosperity

# KANSAS POSTSECONDARY TECHNICAL EDUCATION AUTHORITY GOALS 2024-2025

#### Goals

- 1. Explore opportunities to diversify the funding base for Adult Education services to ensure expansion and sustainability of those services. Activities could include identification and active pursuit of potential funding sources such as grants, private partnerships, and government funding programs.
- 2. Identify and share best practices in reducing and/or eliminating the actual fees high school students participating in the Excel in CTE programs are assessed and ensure actual costs and potential subsidies are adequately communicated.
- 3. Explore methods to ensure data used to calculate the components of the instructional cost model represent actual costs.
- 4. Resume program performance reviews using previously established criteria to validate and communicate the value of technical education in developing a skilled workforce and meeting the needs of business and industry.
- 5. Improve collaboration and integration of programs between Community Colleges and Technical Colleges and Adult Education centers to streamline joint programs, educational pathways, and communication channels ensuring seamless transitions for learners and between institutions.
- 6. Explore a methodology to share best practices and communicate student participation rates in work-based learning opportunities.
- 7. Work with Commerce in expanding the apprenticeship model and include a method for identifying and reporting the number of apprenticeships established and the number of apprentices participating.
- 8. Explore a method to report participation, promote awareness, and emphasize business & industry partnerships and the value of customized training occurring at the institutions using input from community colleges, technical colleges, and universities.
- 9. Enhance military articulation and support efforts.
- 10. Explore opportunities to enhance corrections programs and methods to communicate progress to meet workforce needs.

## Kansas Postsecondary Technical Education Authority Budget and Finance Committee MINUTES August 15, 2024

The Kansas Postsecondary Technical Education Authority's Budget and Finance Committee met virtually on August 15, 2024 via Zoom. Proper notice was given according to law.

MEMBERS PRESENT:	Curtis Sneden, Chair David Reist, Vice Chair Keith Humphrey Amber Schultz Ray Frederick
MEMBERS NOT PRESENT:	Todd Zimmer

The meeting was called to order by Chair Sneden at 8:30 A.M.

#### **APPROVAL OF MINUTES**

Member Reist moved to approve the minutes of the May 16, 2024, meeting and following a second by Member Humphrey, the motion carried.

#### **CONSIDERATION OF DISCUSSION AGENDA**

#### EXTRAORDINARY COSTS – AY24 RESULTS – HEALTHCARE

Charmine Chambers, Director of Workforce Development, provided an update on the review of the extraordinary cost component for Healthcare programs. Members were reminded that the instructional cost model is comprised of four separate cost components: instructor salaries, institutional support, instructional support, and extraordinary costs and that the calculations are made utilizing actual data supplied directly by the institutions. Director Chambers further explained that the purpose of the model is to calculate standardized course reimbursement costs per credit hour across the state, to determine the state's share of those costs, and that the model was not intended to cover all institutional expenses.

She noted that a review of the most recent calculated rates suggests that the TEA may want to identify certain factors for special consideration to deviate from the calculations for any one of the instructional cost model components for specific programs in special circumstances. Potential factors for consideration provided for discussion included programs linked to critical community anchor institutions which provide training for specific high-demand occupations that are part of stackable educational pathways requiring licensure/certifications, increasing wage levels, and instances where additional statewide funding support for training for specific occupations has been provided.

Chair Sneden highlighted the need for flexible criteria to guide when deviations from the cost model might be appropriate. The discussion also addressed rising program costs, with Director Chambers proposing adjustments to cost rates based on healthcare program data and recommending a cap for programs like EMT and nursing.

Community and technical college representatives expressed concerns about the accuracy of data submitted and the impact of varying student numbers on cost calculations. President Carter of Colby Community College noted challenges with accurate reporting due to financial staff turnover and inconsistencies across institutions. Despite efforts to validate data, there were doubts about the completeness of expense reporting.

Chair Sneden acknowledged that the ongoing discussion about the cost model highlighted the need for further conversation. He proposed a motion to advance the recommendation for both the special consideration factors and the calculated extraordinary cost rates for Healthcare programs to the full TEA board for consideration at their next meeting. Director Chambers emphasized the importance of maintaining consistent, statewide course rates for all institutions regardless of location or size. Member Ray Frederick moved to forward the recommendation, which was seconded by Member David Reist. With no objections, the motion was unanimously approved. The recommendations will be included on the discussion agenda for the upcoming TEA board meeting in two weeks.

#### NEXT MEETING REMINDER

Chair Sneden reminded everyone that the next meeting is scheduled for September 12, 2024.

#### **ADJOURNMENT**

Chair Sneden called for a motion to adjourn the meeting at 9:15 A.M. Member Reist followed with a second, the motion carried.

### III. Consideration of Discussion Agenda

A. Act on Innovative Technology Grant Awards

Vera Brown, Director for Career Technical Education

#### Summary

**Purpose:** K.S.A. 74-32,430 establishes the Kansas Technology Innovation and Internship program to provide funds to career technical education institutions for start-up support for innovative technical courses or programs in emerging technologies, manufacturing, or areas of skill shortages. These funds are appropriated on an annual basis and awarded to institutions through a competitive grant process.

*Eligible Institutions:* Public postsecondary career technical education institutions delivering approved career technical education programs in Kansas.

## Criteria for Innovative Technology Grant Awards:

- Private business must provide financial or in-kind support, or any combination thereof, to the career technical education institution equaling 100% of the amount of the grant.
- The technical course or program must relate to a business or industry located in the service area of the career technical institution.
- The technical course or program must relate to emerging technologies, manufacturing, or documented areas of skill shortages.
- Upon completion of the project, institutions receiving a grant award must submit all required reports and forms within the required timeframe.

## Fort Hays Tech | Northwest – Electrical Technology

Fort Hays Tech | Northwest is requesting grant funds to purchase six industry-standard computers for the Electrical Technology program to address specific industry needs. This will create a more robust and innovative learning environment and give students necessary skills with the Programmable Logic Controller (PLC) equipment.

# Business/Industry Partner: InterStates – Sioux Center, IA

- \$4,287.22 donation of consulting and training services
- \$7,987.00 donation of equipment and supplies

### <u>Seward County Community College – Allied Health</u>

Seward County Community College is requesting grant funds to purchase eight virtual reality headsets with software to address simulation needs of their Allied Health programs. This equipment will be used in preparation for licensure examinations, training in clinical and medical equipment skills, helping to improve confidence and reduce anxiety for frontline health workers. The equipment will be used across all Allied Health programs, including Nursing, Surgical Technology, and Respiratory Therapy.

# Business/Industry Partners: Southwest Medical Center - Liberal, KS

• \$3,600 cash donation

### Satanta District Hospital, Clinics, and LTCU – Satanta, KS

- \$500 cash donation
- Liberal Area Coalition for Families Liberal, KS
  - \$7,382 clinical time

### Memorial Hospital of Texas County – Guymon, OK

• \$13,000 donation of hospital beds and patient cart

### Dr. Guillermo Garcia-Ordenes, MD – Dodge City, KS

• \$5,000 cash donation

# \$10,800

#### \$28,800

#### Washburn Institute of Technology – Welding

#### \$100,500

Washburn Tech is requesting grant funds to purchase a beveling machine, welders, spooling guns, and a tungsten grinder. This industry-standard equipment will allow teaching of most updated skills necessary to succeed in the industry. The new equipment will allow the program to increase enrollment and graduation of skilled workers.

#### Business/Industry Partners: Ernest-Spencer – Meriden, KS

• \$143,360 steel donations

#### **Recommendation:**

Board staff has reviewed the proposals and presents them for discussion and approval by the Budget & Finance Committee of the Technical Education Authority.

В.

Charmine Chambers, Director for Workforce Development

#### Summary

The Kansas Board of Regents (KBOR) Cost Model uses four cost components: Instructor + Instructional Support + Institutional Support + Extraordinary Costs. Each technical program in the system is assigned a specific Instructor and Extraordinary Cost rate. Individual courses are assigned to "buckets" to group like courses together, and each "bucket," is assigned a program composite rate based upon use of the course within programs by each institution. Funding is calculated using a total per credit hour composite rate for each course.

### Background

The KBOR Cost Model was developed in response to the Legislature's 2007 directive that the Technical Education Authority (TEA) "develop and recommend to the state board of regents a credit hour funding distribution formula for postsecondary technical education training programs that: (i) is tiered to recognize and support cost differentials in providing high-demand, high-tech training; (ii) takes into consideration target industries critical to the Kansas economy; (iii) is responsive to program growth; and (iv) includes other factors and considerations as deemed necessary or advisable . . . ." K.S.A. 74-32,402(a)(11)(A).

A total calculated course rate is established for every program, and each course in the Kansas Higher Education Data System (KHEDS) has been assigned to a "bucket," based upon course subject matter or course title. Enrolled credit hours reported for each course "bucket" in the system calculate at the program rate which the course is tied to in KHEDS. There are 25 cost model composite rates, which for 2023 range from \$232/per credit hour (non-tiered rate) to \$538/per credit hour (Tiered rates).

### **Course Bucket Review Methodology and Project Framework**

Act on Course Bucket Review

Review of the bucket assignments began in 2023 based upon questions from institutions regarding Pharmacology and Practicum course bucket assignments. During the investigation, each tiered Pharmacology course was reviewed in KHEDS to determine for which program(s) the institution utilized the course. The TEA approved bucket changes for Pharmacology in October 2023. Practicum courses were identified as requiring additional evaluation due to overlap with Clinical and Internship courses, and Board staff identified several additional non-program-specific buckets requiring additional examination.

For the second year of the project, the following buckets were identified as not program specific. Course use by individual institution and program in KHEDS was evaluated, and the potential bucket assignments were identified as needing to be updated. Buckets include but are not limited to:

- Practicum
- ➢ Clinical
- ➢ Internship
- Field Experience
- Cooperative Education
- Blueprint
- Project Management
- Quality Management
- Risk Management
- > Measurement

Including the above-listed course buckets, approximately 40% of all courses were reviewed in sections based upon the field of study of the course bucket. Field of study is determined by course use by individual institution and program in KHEDS.

The year three project plan (and on-going as needed) is for the remaining courses (approximately 60%) to be reviewed in sections, and courses will be assigned to the program-specific bucket as identified by use of the course by institution in Program Inventory in KHEDS. For courses that are utilized in multiple programs, KHEDS will be used to evaluate the Declared Majors (by program) taking the course or the total Concentrators in the program from the previous year.

#### Recommendation

Board Staff recommends approval of re-assignment of the attached courses into program-specific buckets for AY2024 funding calculations.

Salina Area Tech Col	WEL 150	WELDING BLUEPRINT READING		BLUEPRINT READING	Welding
Seward County CC	WE1043	WELDING PRINT READING		BLUEPRINT READING	Welding
Washburn Institute of Tech	WEL105	WELDING BLUEPRINT READING		BLUEPRINT READING	Welding
WSU Tech	CWG 103	PRINT READING II/WELDING		BLUEPRINT READING	Welding
WSU Tech	PDV 105	BLUEPRINT FOR PERSONAL SUCCESS		NON-TIER	Remain in current bucket
Hutchinson CC	AB119	ADVANCED ESTIMATING AND BLUEPRINTING		AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket
Kansas City Kansas CC	ACRT0215	ADVANCED ESTIMATING AND BLUEPRINTING		AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket
Washburn Institute of Tech	CLR241	ADVANCED ESTIMATING & BLUEPRINTING		AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket
Highland CC	ACR270	ADVANCED ESTIMATING AND BLUEPRINTING		AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket
North Central KS Tech Col	ACRT205L	ADVANCED ESTIMATING & BLUEPRINTING		AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket
Seward County CC	AT1233	ADVANCED ESTIMATING AND BLUEPRINTING	3	AUTOMOTIVE COLLISION/REPAIR	Remain in current bucket

# Postsecondary TEA Meeting Dates 2024-2025

Conference number: see agenda Acces	ss code: see agenda			
TEA Meeting Dates	Location			
TEA meeting times and locations are subject to change based on the availability of the committee members				
Thursday, August 29, 2024	KBOR Office, Topeka - 10 a.m.			
Thursday, September 26, 2024	Conference Call - 10 a.m.			
Thursday, October 31, 2024	KBOR Office, Topeka - 10 a.m.			
Thursday, November 21, 2024	Conference Call - 10 a.m.			
Thursday, December 19, 2024	Conference Call - 1:30 p.m.			
Thursday, January 30, 2025	KBOR Office, Topeka - 10 a.m.			
Thursday, February 27, 2025	Conference Call - 10 a.m.			
Thursday, March 27, 2025	KBOR Office, Topeka - 10 a.m.			
Thursday, April 24, 2025	Conference Call - 10 a.m.			
Thursday, May 29, 2025	KBOR Office, Topeka - 10 a.m.
